

Nurturing our community life and well-being

A charitable company limited by guarantee serving Adur, West Sussex

Membership costs £5 pa and is open to organisations and individuals who support our philosophy and purposes

Philosophy and purposes

AVA nurtures people's freely-chosen involvement in local activities, encouraging diverse, sustainable and inclusive patterns of local life and public services. We work for social justice, environmental sustainability and collective well-being, achieved through co-operation between independent and self reliant organisations providing quality services. AVA supports control of local services by local independent organisations and people, unless (in each separate case) there are compelling reasons why this is impossible.

AGM of members

AVA Management Committee

Elected annually by members at AGM

Governance, financial control, fund raising, personnel, contractual liabilities, and all legal responsibilities

AVA Community Enterprise Committee

Responsible to Management Committee for service priorities and provision. Steers what we do, why and when we do it and monitors each enterprise.
